

Ocean Beach & Bay Club, Inc.
(Ocean Beach Unit III)

December 2018 Edition

Revised December 2023

Welcome

This Ocean Beach & Bay Club *Blue Book* should need no introduction as it has been our trustworthy guidebook since 1951.

The 2018 Blue Book contains the following documents:

Certificate of Incorporation - Page 2

Deed Restrictions - Page 5

By-Laws - Page 9

Rules - Page 21

Our Certificate of Incorporation is dated September 22, 1951, and soon thereafter the first edition of our documents was printed with a blue cover. There are a few copies still in existence with several resolutions stapled and pasted to the back cover.

There was a reprint in June 2005, with our whale logo on a blue cover. When the supply ran out, copies were printed in black and white; but it was still called the *Blue Book*. On October 29, 2012, Superstorm Sandy hit New Jersey shores causing devastation in Ocean Beach III and resulting in many updates to our documents.

Through the history of Ocean Beach & Bay Club, scores of Trustees and members have contributed to the *Blue Book*, the book with no ending, as it is forever changing. We thank each and everyone as we present the 2018 edition. Last revised December 2023.

Know the contents, refer to it often and let the *Blue Book* continue to serve our wonderful community with changes, revisions and amendments for many years to come.

2018 Board of Trustees

Note: Always refer to the documents on our web site for the most recent and updated version.

We thank member Keith Krecicki for our cover design and the updated logo featuring our favorite whale.

Rule #13C. If the area under a home is enclosed, the Club shall allow adequate ventilation to be installed. The Club shall also allow additional storage under the building within the footprint of the entire structure, which could be enclosed provided that it remains compliant with both FEMA requirements and strict prohibitions against using this area as living space.

Rule #14C. Elevated homes are required to have siding matching the home to be installed so that there is no more than six (6) feet vertically of concrete block that will remain exposed.

Rule #15C. Decks may be constructed to the elevation of the first floor providing there is ample space for access stairs and platforms. Decks over 36 inches in height require a setback rule the same as Toms River Township (setback to be 10% of lot depth). Extension of decks if constructed shall allow at least two (2) vehicles to be parked side by side between the homes.

Rule #16C. No overhang on any entry landing may extend beyond the permitted edge of the landing from the front door or five (5) feet, whichever is less, nor more than two (2) feet on either side of entrance door provided it does not exceed the width of the proposed residence by more than one (1) foot. Measurements must conform to the Deed Restrictions and the above Rules.

Rule #17C. None of the homes on the ocean beach front shall have balconies of any type. No balconies (second story decks) shall be permitted on any home in Ocean Beach and Bay Club other than on homes in the second and third row from the ocean or on homes that abut lagoons.

Rule #18C. In order to clarify the setback requirements on all standard 45'x45' lot (2025 square feet) located on Moonrise Lane, Teal Lane, Sunset Lane and Heron Lane, the following applies: All buildings are required to be located on the left side of the lot when viewed from the road. Upon special written approval of the Ocean Beach and Bay Club and Developer (Ocean Beach Inc.), buildings may be built to within 19 feet of their right lot line when viewed from the road. It is further specified that the only structures permitted in this area are stairs, staircases, stair platforms and air conditioning condensers, which cannot extend more than 5 feet maximum from the approved building. The remainder is to be used for private auto parking and/or garden and/or patio.

Rule #19C. On Goa Way, many houses meet the restrictions when viewed from the highway. If the pre-existing house meets the restriction when viewed from the highway, the new house can be rebuilt in that location. The same should be true for those houses that meet the restriction when viewed from Goa Way. This allows construction in the pre-existing building envelope.

This should include being able to square the house off if the setback is met when viewed from the street.

Rule #20C. Exterior showers must conform to Toms River Township Code. Amended November 9, 2023.

Rule #21C. Maximum height of fencing is limited to 42” and must have a 50% opening. It is also required that the fence “facing” be on the outward side of the property line. Toms River Township does not allow fences to exceed 36” on lot sizes less than 2,000 square feet.

Rule #22C. Ocean Beach and Bay Club shall consider requests for reasonable accommodations to comply with the New Jersey Law Against Discrimination and American with Disabilities Act to accommodate access, elevators for handicapped use and utilities in the area under an elevated home.
